Artist Profile: Chris Doherty

I have enjoyed looking at various forms of art for many years; when young, I would sketch and draw everything in sight. Though it was not until many years later, in 2009, I gave serious time to painting.

My love of walking the Lakes and coastal paths inspired what is now a recurring interest in painting landscape and sea scenes. I try to imbue my pictures of places--both known and imagined--with movement, colour and atmosphere. Rolling hills and deep seas have a compelling emotional effect upon me. The intention when I paint is not to be descriptive but to express something of the emotions that I experience through the process of laying the paint down.
