Artist Profile: Robyn Rainbow

I grew up in Coventry and graduated with a Birmingham Uni BA hons degree.
I am a prolific painter, working with acrylics and oils.
As a spiritual person, and psychic artist, my current work brings the Rainbow Light to the world, and is painted in 5D or above, containing light codes for the new age. I vibrate at a high frequency, I channel spirit and angels and other light beings and entities. My work contains images of entities who have put themselves in to the picture.
I also paint other times, past and future, other realities, planets, cosmic places, and places that I have seen in my meditations and dreams.
My paintings usually have an image of myself in them, not always from this lifetime.
Often my paintings work more than one way up, upside down or rotated.
